A prominent gentleman has offered \$500 for the privilege of being the king of the carnival in New York next month, but his offer has not yet been accepted, as it is considered there are others who will be willing to pay more for the honor. In New Orleans, one year, it was secured by a leading banker there at the price of \$8000. King Alfonso's mamma has great

ppears that while Alfonso was apparprincess, Maria Christine, he was en-

before him of two women each claiming possession of the same child as its mother, he decided that the babe should be cut in twain and the even fragments handed over to each. The true parent cried out against the decision that would sacrifice the life of the child, and preferred that it should be iven to the false claimint. There-

pon the astute ruler of Israel saw the rights of the case, and the second verdict was in her favor. Now, there was a case in a Kansas court last week that very much resembled the one told of in the Bible story, but modern jurisrudence would not allow of its being justed in the same way. Two women tended for the child; the court warded it to one who received it withut the slightest signs of affection, aile the other clung to it with tears nd sobs, and swooned away when it was forcibly taken from her. There is a romantic history attached to the liti-

ughter, and had offered to bequeath is entire property to the first of his chilen who should produce a male heir. his woman is said to have played an droit game on her husband and on the wealthy old gentleman by pretending childbirth, and showing an infant that she had bribed the other party to the it to furnish her. A disagreement the suit and developed the facts. As the evidence stands, it seems that the putative mother was not weeping over the loss of the baby, but of the wreck of her prospects for getting possession The news of the death of Col. John

In nearly every case no space whatever was left for recreation and exercise, the hours out of school being all devoted to study, while those in school were occupied with recitations. The result of the exposure was a partial reform in the public schools of the city, but the evil is far from having been eradicated. Within our acquaintance four fathers have recently, under medical advice, withdrawn their sons from school or college through apprehension, not of suicide, indeed, but of serious injury to their brains and nervous systems, from excessive mental

Dr. Schliemann talked about Troy

minded them that the heroic towns were very small. The first Trojan city had no walls, and it must have been several times destroyed, so as to form a twenty-feet-deep accumulation of rubbish. Homer mentions that Troy had been destroyed by Heracles long before the destruction by the Greeks under Agamemnon, and this legend may refer to the destruction of this first city. But identical with the Homeric Troy, which was captured by the Greek army, must be the city in succession from the virgin soil, because here are the great tower, the huge walls, whose construction Homer attributes to Neptune and Apollo; here are the most evident proofs of great wealth and a sudden destruction by the hand of the enemy. The extent of Troy, as encompassed by its walls, is very small, and it cannot possibly have contained more than 4000 or 5000 inhabitants; but, small as it is, it is still larger than the City of Athens under the Kings, which was confined to the Acropolis until besons added the twelve surrounding "That the sum of three hundred and boroughs to it. The royal City of seventy-five thousand dollars, or so Mykene was originally confined to its

ALEX R. WYCTH, M. D., Atchison, Pa., writes:
"After total blindness of my left eye for four years, by paralysis of the optic nerve, to my utter astonishment your Patent Eye Cups restored my eyesight permanently in three minutes."

Rev. S. B. FALKINSBUFA, Minister of M. E. Church, writes: "Your Patent Eye Cups have rest red my sight, for which I am most thankful to the Father of Mercies. By your advertisement, I saw at a glance that your invalinable Eye Cups performed their work perfectly in accordance with physiological law; that they literally fed the eyes that wer starving for nutrition May God greatly bies you, and may your name be enshrined in the affectionate memories of multiplied thousands as one of the benefactors of your kind."

multiplied thousands as one of the benefactors of your kind."
Horace B. Durant, M. D., says: "I sold, and effected future sales lib rally. The Patent Eye Cups, they will make money, and make it fast, too; no small catch-penny affair, but a superb, number one, tip-top besiness, promises, as far as I can see, to be life-long."
Mayor E. C. Hills wrote us, November 16, 1869: "I have tested the Patent Ivory Eye Cups, and I am satisfied they are good. I am pleased with them. They are certainly the greatest invention of the age."
Hon. Horace Greeney, late Editor of the New York Tribune, wrote: "Dr. J. Ball, of our city, is a conscientious and responsible man, who is incapable of intentional deception or imposition." Prof. W. MERRICK writes: "Truly, I am grateful to your noble invention. My sight is restored by your Patent Eys Cups May heaven bless and preserve you. I have been using spectacles twenty y ars. I sam seventy-one years o.d. I do all my writing without glasses, and I

Imprudence and Neglect. The large majority of disorders to which our system is subject are brought on by our own im-presence, and are aggressed by neglecting the sac of proper remedies. If those who are resulted with dyspepais, liver complaint, or any of the many disorders arising therefrom, would ake the celebrated T-X-S Tonic tordial. he great system renovator, they would speed ly btain relief and a permanent cure.

Originate from indigestion and torpidity of the liver, and relief is always anxiously sought after If the liver is regulated in its action, health is almost invariably secured. Want of action in the liver causes head-che, constitution, jaun dice, pain in the shoulders, cough, chills, disastness, sour stowach, but laste in the month, bit lous attacks, paipit tion of the heart, depression of spirits, or the bucs, and a hundred other symptoms, for which T-X-S Tonic Cerdisi in the test remedy that has ever been discovered The Functions of the Liver. It is raid that a healthy liver commonly se-cretes each day about two and a half pounds of blie, containing a great amount of waste mate-rial from the blood. The importance of keeping the liver in a proper condition for the perform-ance of this great task cannot be over estimated, and to most persons no medicine can be more useful than T-X-S Tonic Cordini, which keeps this over-taxt dorsen in rood condition. The System Needs Renovating. When boils and cruptions appear, from want of a regulation of the system new vigor must be infused into the digestive organs. The stimulating, regulating, and tonic properties of T-X-s Tonic s ordini, the great system

Nearly all Diseases
